

# EBOOK: Des stéréotypes à l'égalité de genre

---

## From Stereotypes to gender equality

2019-1-FR01-KA201-063001

# AIMS OF THE PROJECT

***Alarmed by the differences between men and women in status, roles and positions in our society, our project aim to :***

- Promote gender equality within the educational community
- Promote social justice in the Europe of tomorrow
- Defy the prejudices on what should become the girls and boys of the students already well anchored in their daily life
- Reflect on gender stereotypes in order to better fight them.
- Deconstruction of the foundations of gender relations

# ACTIONS

**To fight against gender stereotypes we have chosen to build this project through a partnership between four schools in:**

- Romania
- Finland
- Greece
- France
- three NGOs (Spain, Italy and France)

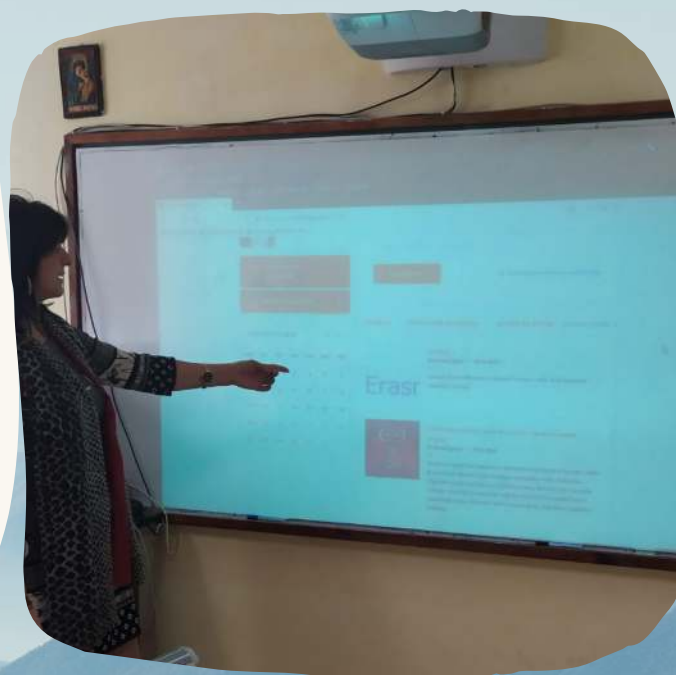

The choice of European partners makes it possible to address our topics in countries from all four corners of Europe (North / South - East / West).

Half of the partners are in rural areas, the other half in urban areas.

# ACTIVITIES

On 5th February 2020 our school organized an event during which teachers and parents were informed about the **eTwinning** projects that are implemented in our school. The audience was informed about the progress of the Erasmus+ program that has started in our school this year and the activities as well as the mobilities the students will take part in.

eTwinning- Sharing good practices in 9o Dimotiko Sxolio Alexandropoulis School

# ACTIVITIES

Our students are working on the stories in the project.

They participate and **develop their capacities** through this collaboration with other schools in Europe.

Scoala Gimnaziala Sutesti

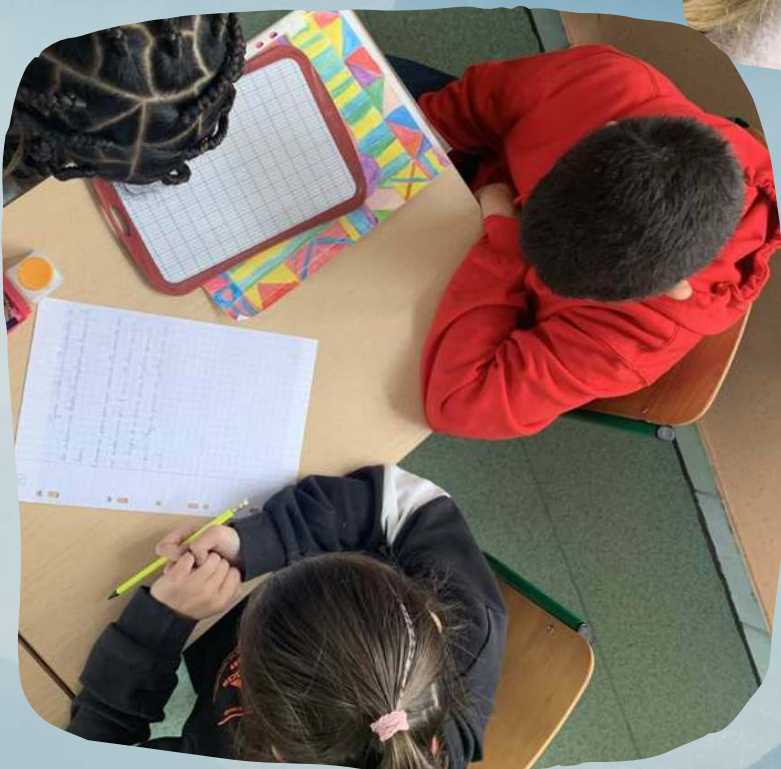

# ACTIVITIES

Our French students **work, write, learn to combat gender stereotypes**, to develop creativity and camaraderie. Nice job!

Working on stories at the Pierre Ronsard School, Vayres

# EXCHANGE IN FINLAND

Hosted by Aarnivalkea School, the students have been able **to meet and get to know each other** by little games in English, to present their country. They worked on the stories they have studied.

Visit Finland's capital, Helsinki

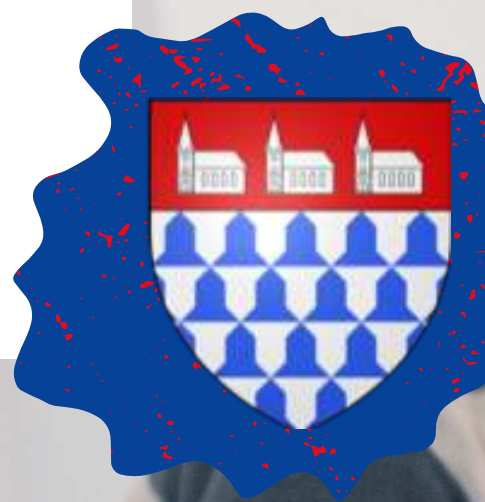

# THE PARTNER SCHOOLS

Pierre Ronsard school located in Vayres welcomes about 50 students, in a town of 900 inhabitants, at 50 km from Limoges.

It sets up projects aiming at:

- The improvement of living together
- Cultural openness
- The well-being of the students

Scoala Gimnaziala Sutesti school is located in a rural area, in Sutesti, a commune 4 km near the town of Dragasani, in Valcea county, Oltenia region.

# THE PARTNER SCHOOLS

9ο Dimotiko Sxolieio school is the 9th Primary School of Alexandroupoli in the north of Greece, with more than 320 students, from 6 to 12 years old, who come from various social, economic and cultural backgrounds and have different educational needs

Aarnivalkea School

is an elementary school with about 300 students in Tapiola, Espoo in Finland

# THE PARTNERS

AIFED is a regional organization working in the field of education, culture, inclusion and employment in Granada, Spain. It works mainly in the promotion and management of training, innovation and employment in different areas of education and culture.

Aux Couleurs du DEBA is an association created in 2008 in the Bordeaux Metropolis. It organizes European projects with many local partners in order to bring Europe to different territories and to allow young people from the poor neighborhoods and young people with disabilities to live an experience abroad.

At the core of its culture are the values of quality, integrity, respect, entrepreneurship, mutual benefits and citizenship: imagining a world in which work and knowledge are an opportunity for personal growth and economic development.
